

INTELLITECH VIDEO WALL MOUNT – VDMP5

DESCRIPTION

VDMP5 provides a professional video wall solution while offering universal compatibility with load capacity of 60kg and Max. 400 X Min. 200 VESA hole pattern. Multi-dimensional micro adjustment enables precision alignment of the video wall configuration including depth, height and tilt. This video wall mount features a quick-release pop-out mechanism for easy installation and maintenance. Quick-release latch keeps displays in place via activating lock & unlock mode. It is the perfect solution for public and commercial displays with anti-theft design (require for a padlock).

Video Wall Mount Features:

- Pop-Out Extension: provides quick access for installation and maintenance

- Precise Display Alignment: height/depth adjustment for seamless digital signage
- Quick-Release Latch: locks/unlocks the display in place
- Pop-Out Lock System: ensures safety by reducing the possibility of accidental pop-outs
- Anti-Theft Locking Hole: for additional security preventing any unwanted removal (extra padlock required)
